(*J Med Internet Res* 2015;17(4):e69) doi: [10.2196/jmir.4412](https://doi.org/10.2196/jmir.4412)

The authors of “Designing Messaging to Engage Patients in an Online Suicide Prevention Intervention: Survey Results From Patients With Current Suicidal Ideation” (<http://www.jmir.org/2014/2/e42/>) have, during the final proofreading process, inadvertently added the same image file for Figures 1 and 2. [Figure 1](#) has now been updated with the correct image, with the caption “I would like to open a message

with Subject Line...”. This error has been corrected in the online version of the paper on the JMIR website on April 13, 2015, together with publishing this correction notice. A correction notice has been sent to PubMed and the correct full-text has been resubmitted to Pubmed Central and other full-text repositories.

Figure 1. “I would like to open a message with Subject Line...”.

Edited by G Eysenbach; this is a non-peer-reviewed article. Submitted 09.03.15; accepted 10.03.15; published 13.04.15.
