In the article “Social Media Surveillance of Multiple Sclerosis Medications Used During Pregnancy and Breastfeeding: Content Analysis” (JMIR 2019;21(8):e13003), the author information incorrectly stated that all authors contributed equally. The correct authorship is represented by only the sequence of names, and the equal contribution footnote has been removed.

The correction will appear in the online version of the paper on the JMIR website on February 19, 2020, together with the publication of this correction notice. Because this was made after submission to PubMed, PubMed Central, and other full-text repositories, the corrected article also has been resubmitted to those repositories.

This is a non-peer-reviewed article. Submitted 17.02.20; accepted 18.02.20; published 19.02.20.
